

MyOn - Online Accelerated Reader ebooks

We are very excited to have launched 'MyOn' for our KS2 pupils. MyOn is a digital library with thousands of ebooks for children to choose from and it links with our in-school reading system - Accelerated Reader. The digital books available can be tailored to children's interests and will allow your child to read books independently or together as a family.

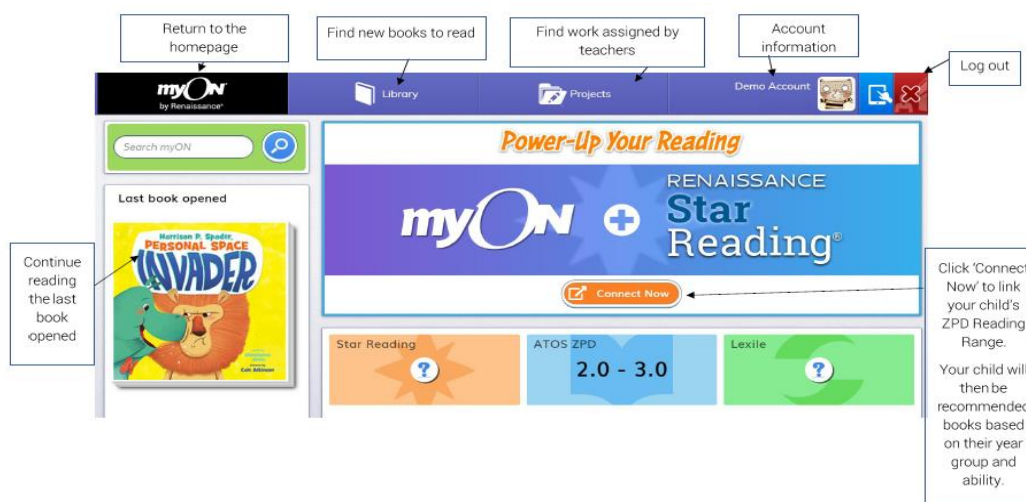

Please ensure that you are checking the books your child is reading, as there is open access to many genres and age ranges.

How can my child login?

1. Go to <https://www.myon.co.uk/login/index.html> and click login
2. Enter your child's school name - Reigate Park Primary School
3. Enter your child's username and password (these details are the same as their AR login)
4. When your child logs into MyON for the very first time, they will be asked to complete an Interests Inventory so that MyON can recommend books based on their interests.

Here is an example of what a child would see on their account.

How can MyON be accessed?

MyON can be accessed through a laptop, tablet or smart phone. Please make sure you use the correct site (<https://www.myon.co.uk/login/index.html>) otherwise the logins will not work. Please contact your child's class teacher if you do not have your child's log in details.
